Two Were Rescued by Firemen From Talman Street House-At Home of Frank Szostak-Fire Started While Mother Was Out at a Neighbor's

old. The call for the firemen came in by telephone to the central station and the autochemical and Chemical company No. I responded. When the firemen arrived they found the house locked up, but could see that a fire was burning briskly in one of the rooms. They were about to burst in the door to get at the blaze with chemical when Mrs. Szostak, who had been out at a neighbor's, came home

Two small children of Mr. and Mrs.
Frank Szostak, whose access to matches probably was the cause of a fire Monday morning at 94.5 o'clock at the Szostak home at No. 125 Talman street, were rescued by the firemen in an almost suffocated condition and were revived only wifn great difficulty by Capt. C. J. Connell, John E. Blackburn, Henry R. Taft, and Dr. J. W. Callahan, who was called. The children were 5 years and 3 1-2 years old.

The call for the firemen came in by telephone to the central station and the autochemical and Chemical combined. The house was insured. Two small children of Mr. and Mrs. when found the older child was pulse

On the way to the fire the autochemical was twice compelled to come
almost to a full stop, once in Broadway, and again on Laurei Hill bridge,
by the failure of drivers of vehicles to
get their wagons out of the way to give
the fire apparatus a clear road.

Chief Stanton said that this condition of things with Norwich drivers
seems to be getting worse and worse,
for it is rare that some man with a
woman does not haul across the road
when the fire apparatus is on the way
to respond to an alarm. There is no
knowing when lives may be in danger,
as in this case, and his men, he said,
were going to have instructions to get
to a fire with all possible speed consist-Firemen Blecked on Run. chemical when Mrs. Szostak, who had been out at a neighbor's, came home and rushed into the smoke-filled house, crying for her children, whom she had left there.

The smoke drove her out without finding them, but the men of the auto-chemical crew, who were first to arrive, crawled in on their hands and knees, searching the kitchen, and then an adjoining room, where they found the two children, the boy, who was the older, on the floor, and the other child on the bed, and both overcome by the smoke. One of the children was brought out by Captain Connell and the other by Fireman Blackburn.

With the assistance of the doctor the children were resuscitated, although

Fair to Your Face. Use Stuart's Calolum Wafers and Banish Pimples, etc.

Before beauty can ever be realized it must have a complexion that adds to its lustre, that makes a magnifi-cent face contour radiate an artistic color. The charm of all beauty rests chiefly in the clear skin, the pure rad blood, the soft cramlike complexion.

Wafers Gave Me Back My Clear Complexion."

Stuart's Calcium Wafers act directly upon the sweat glands of the skin, since their mission is to stimulate the excretory ducts. They do not create perspiration, but cause the skin to breathe out vigorously, thus transforming perspiration into a gaseous vapor. The calcium sulphide of which these wafers are composed consumes the germ poisons in the sweat glands and pores, hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look You will never be ashamed to look at yourself in a mirror, once you use Stuart's Calcium Wafers. Nor will your friends give you that hinting look, as much as to say—for good-ness sake, get rid of those pimples.

There is no longer any excuse for anyone to have a face disfigured with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Wafers at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will delight you immensely. All blemishes will dis-

appear.
